SCIENCES AND PHYSICS

January 3, 1953

Dear Josh, Esther, and Co,

We are planning a bull session on UV and related subjects to take place at Purdue on January 25 and 26 (Sunday and Monday) and to be attended by interested parties from Urbana, Ann Arbor, Chicago, and Oak Ridge. Would you like to come?

Many thanks for your hospitality during our recent visit.  
Happy new year. Best regards.

Sincerely yours,

  
S. Benzer
